ANNUAL HOLIDAY WATER REFUND IS POSTPONED MONTH

San Antonio Water Co. Will Return Large Sum to Growers in January

EXACT FUND UNKNOWN

Irrigation Continues as Rain Fails—Assessment Is Levied by Group

Memberrs of the San Antonio Water Co. will receive checks early in January, the money to be a refund on the amount paid during 1935 as water charges. While no detailed figures are given in the announcement of the refund payment, it was explained the amount will be larger than last year. Last year's refund totaled $11,300.

Directors of the company met yesterday to discuss the refund payment and to levy an assessment of $3.50 a share to meet operating expenses. Notice of this assessment and of the refund payment will go out from the water company office this week. Assessments are levied to cover the overhead expenditures while the water charges are based on the actual amount of water used. Rate for the water is slightly higher than the actual cost to cover any emergencies. Out of this excess sum on the water charge the refund is made.

The refund is usually issued at this time. Due to the fact that irrigation is still underway, the refund cannot be made until the close of 1935 or until rain falls to end the irrigation season.

"The refund will be approximately one-third of the total water charges and in most cases will be considerably in excess of the $3.50 assessment," Albert C. Reynolds, manager, said today.

Community Christmas Program on Friday

Public recognition of the Christmas season will come Friday night in a program to be presented by the public and for the public. Community singing of Christmas carols will be a feature. Singing of Yule songs also by a choir of 50 adult persons and by a group of 75 youths will be also featured in the Dec. 20 program.

More than music will make up the entertainment, however, with the committee planning a brief pageant in keeping with the holiday theme. Setting for the program will be at the D street park, Second avenue on D street. A platform will be specially constructed and the trees adjacent to the platform will be artistically lighted.

Beginning at 7 p. m., the program will last for only 45 minutes, the brief entertainment being in consideration of the group of Fannie D. Noe students who will participate. A few benches will be provided for those who prefer to sit down during the program.

Words to the songs to be sung by the general public will be printed and distributed just prior to the start of the program.

Rev. Lester Hostetler will preside as master of ceremonies. Miss Jessie Brown and Mrs. Ralph J. Wilson will be in charge of the juvenile and adult choirs. Mrs. Earl H. Johnson will be accompanist.

Emphasis is placed on the fact that the Friday program will not have any commercial aspects, it being strictly a community event for the singing of carols and the presentation of Christmas music.

The business men's division of the chamber of commerce is sponsoring the program.

The event will also provide an opportunity for the general public to donate canned goods, other food and clothing to the needy of the community. Suitable places will be marked off as to where the donations may be placed. The junior welfare league will be in charge of the contributions and distribute them to the needy here.

FUNDS TO FIGHT DISEASE

Large Support Expected for Third Event of Its Kind In Upland

Dr. A. A. Aita was today appointed chairman of the Upland committee to arrange for the third annual presidential ball to be held here Jan. 30.

His appointment came from Washington, D. C. The two previous balls, held in Red Hill Country club house, have been largely attended due to the enjoyable occasion and to the distribution of the proceeds. Purpose of the ball is to raise money to be used in the fight against infantile paralysis. A percentage of the proceeds remains in Upland, while the remainder is sent to the Georgia Springs Foundation.

Date for the ball is on the birthday anniversary of President Franklin D. Roosevelt, who is vitally interested in the national campaign to curb the disease.

Within a short time Dr. Aita, who is superintendent of the San Antonio Community hospital, will appoint various committees to push plans for the event.

The local proceeds of the 1935 ball were turned over to the hospital, which has done much in providing serum to persons exposed to the disease.

Mrs. A. Bradford Whitney was chairman of the committee for the 1935 ball and Orton P. Brady was chairman of the committee that sponsored the first event in 1934.

Local Candied Fruits Finding Brisk Market In Many States

A local product that has found a market in many distant states is candied fruit, made by Drusa Boulton, 406 Euclid avenue, for holiday orders.

Begun as a small local venture, the business has grown until now four-fifths of the business comes from out-of-town sources. For the past two weeks daily shipments of fruit have been made. The business is retail only. However, individual customers order as much as 45 and 55 pounds, and orders of 20 and 25 pounds are not uncommon. Most of the mail orders are received from persons in New York.

An innovation this year was the introduction of hand-made Mexican baskets which are obtained directly from Old Mexico. The brightly colored baskets, each filled with two pounds of fruits, have proved exceedingly popular, and it has been necessary to re-order several times. The fourth shipment was received yesterday.

Another experiment which has proved successful has been the naming of various kinds of packs. Last year the Golden Pack, three pounds of fruits in a gold-covered metal box, was offered, and the response received accounts for its repetition this year. The new pack this year is called a Treasure Chest, a combination of two metal boxes—one filled with candied fruits, and the other with a fruit cake, sugared nuts and stuffed dates.

Practically all the fruits and nuts are grown by W. E. Boulton on his ranch south of Ontario. During the packing season six persons are needed to handle the business. Orders this year have exceeded those of any previous season.

Upland Students Marvel at Many Attractions in Park Planetarium

A tour of the observatory and planetarium in Griffith park, Los Angeles, was made Saturday by a group of students of the Upland junior high school, accompanied by several of the teachers, and many fascinating things were seen and heard.

The party consisted of members of the general science class and the Travel and Nature clubs of the school. Leaving the campus at 9 o'clock, the group arrived at the planetarium in time for the 11 o'clock demonstration. "Astronomical Causes of Weather and Climate" was the subject of the illustrated lecture given in the planetarium.

After the demonstration the students spent a very interesting half hour in the halls viewing the wall displays. Many of the exhibits were mechanical, operating at the touch of a button, and adding much to the interest of the display.

At the conclusion of the tour, the party enjoyed a picnic lunch on the hill on which the planetarium is situated. An extensive view of Beverly Hills, Los Angeles, Hollywood and Eagle Rock is available from this vantage point.

Members of the faculty accompanying the students were Miss Elizabeth Griggs, Miss Esther Pitman, Miss Dorothy Webster, Edwin Dean, and Aloys Nicholson.

Students in the party were:

CHOIR WILL SING CHRISTMAS CAROLS

Presbyterian Choir Will Hold Carol Vesper Service Sunday Evening

Christmas carol vespers, in which the congregation may join, will be held by the Presbyterian choir in the church at 5 o'clock Sunday afternoon, it is announced by Mrs. Earl H. Johnson, director of the choir.

The singing of carols as a celebration of the birth of the Christ child has for centuries been a sacred custom in many lands, each nation developing its own songs of rejoicing, and a number of such carols will be sung by the choir.

The service is being planned as an informal occasion when any who care to do so may come in and join in a simple service of joyous singing.

The congregation will be asked to join the choir in singing some of the familiar carols.

The public is cordially invited to attend.

STEWART TELLS OF EUROPEAN AFFAIRS

Professor of Political Science At Stanford Says Conditions Like 1914

Giving a most vivid description of conditions as he saw them on a recent tour of Europe, Dr. Graham Stewart, professor of political science at Stanford university, who is a speaker at the Institute of World Affairs now in session at Riverside, interested Upland Rotarians intensely at their meeting at the Upland Inn today noon. Miss Edith Hanson, daughter of G. A. Hanson, was instrumental in securing Dr. Stewart as speaker and was also a guest of the club. Don Palmer, club president, introduced Dr. Stewart.

The speaker said conditions are very similar to those in Europe in 1914, preceding the World war—there being the same struggle for armament and the same uneasiness among the nations. He also stated that the machinery of the League of Nations is functioning in many ways and cited instances proving that statement. Dr. Stewart gave France as the keystone of European peace, noting alliances and attempted alliances among the various nations.

Hitler, in Germany, has been very successful in regard to external relations, but internally things are very bad. Practically all of Germany is under arms—though the populace does not want war, they are ready. Mussolini has done a fine job in Italy, to all outward appearances; is a far abler man than Hitler, and his is the one country where the dictator has absolute power, said Dr. Stewart. Under the most favorable conditions it will take Italy three or four years to defeat Ethiopia, this being recognized by Mussolini, but a complete embargo on oil against Italy would make that country helpless and end the war in a very short time. The United States must cooperate in the sanctions applied, in the opinion of Dr. Stewart, who does not appear to be of the opinion that another world war is unavoidable.

WELFARE DANCE IS TO BE BIG EVENT

Junior Welfare League Makes Final Arrangements to Fill Baskets

The annual Christmas welfare dance to be given next Saturday night at Red Hill Country club, was the principal topic of discussion during the meeting of the Junior Welfare League held Friday afternoon at the home of Mrs. Earl C. Thomas, 2031 Euclid avenue.

Mrs. A. B. Van Fleet is general chairman of arrangements for the welfare dance, and Mrs. Otto Christensen is ticket chairman. They each reported everything is in readiness for this outstanding event, which promises to be a delightful social occasion as well as a gratifying financial success.

The names of several patrons of the dance were announced, the list including Mr. and Mrs. A. L. Swift of Alta Loma, Dr. and Mrs. Frank M. Taylor of Ontario, Mrs. Mary Eckerman, Mr. and Mrs. Harlow S. Wilson, and Col. and Mrs. Wallace C. Taylor.

The fund realized from the Christmas dance will be used to provide Christmas baskets for the many needy homes in the district.

Mrs. Walter Welge has been placed in charge of the purchasing of the supplies for the baskets, and Mrs. Webster H. Thomas is securing the names of those who will receive the baskets. Mrs. Bruce Beardsley is chairman of the basket committee.

All donations brought to the Christmas celebration to be held on Dec. 20 by the chamber of commerce, will be turned over to the Welfare League, and donations made at any other time may be taken to the chamber of commerce office, temporarily.

All donations and purchases are to be assembled and packed in the building on East Ninth street formerly occupied by the Safeway store.

Mrs. A. A. Aita, who is in charge of the collection of toys, asks that emphasis be placed on the call for toys that will gladden the hearts of the little children. Old toys that may be mended will be appreciated, but they should be sent in at once in order to give time for the repairs.

L. R. Fink, bookkeeper at the Upland Citrus association, is receiving congratulations from many of his friends for the title of "father" he received yesterday. Mr. and Mrs. Fink are the parents of an 8 pound, 13 ounce, son born at the Pomona Valley hospital. The child has been named Edward Leroy.

POSTAL BUILDING SITE BIDS AWAIT OFFICIAL ACTION

Inspector Here and Bids for Property May Be Sought In Near Future

FUTURE NEEDS VIEWED

No More Developments on Situation Expected Until Official Word

"Sometime in the near future sealed proposals will be called for the sale of property to the federal government as sites for an Upland postoffice."

This was the word given by R. S. Knox, postoffice inspector, from Washington, D. C., who conferred Friday with Postmaster Orton P. Brady. Mr. Knox measured the size of the building used at present by the local postoffice and estimated what the city's needs would be 10 years hence.

Concerning the time element as to when a building would be ordered, Mr. Knox is reported not to have elaborated further than to say that the details would be started within the near future. Blanks in connection with the making of bids will be sent to Mr. Brady for local distribution.

It was explained by Mr. Brady that Upland has been listed among the cities alloted a sum for a new postal building. Before anything definite is done here, Washington officials will determine how soon money can be definitely appropriated. When the financial possibilities are determined, postal officials will act swiftly in getting a project underway, Mr. Brady was advised by the inspector.

Until further word is heard from Mr. Knox, the local postal situation is at a standstill and no further "building" stories will be given by Mr. Brady.

Transient Problem Before Many Here

"What shall I do with the transients?"

That's the question asked by Uplanders as many men ask for money, food and clothing.

Upland police department will be glad to assist if the transients create a disturbance. Calls have been sent to the police asking the officers to order men out of town. On several occasions transients have been placed in jail when their actions aroused suspicion.

Fight Against Tuberculosis Is On

Once more the annual battle against tuberculosis is on—the pretty little Christmas seals are on sale, and will be until Christmas. Workers throughout the nation are carrying forward the drive—and here in Upland we have our quota to meet. And again we wish to impress upon our people that you should buy your seals of the local workers and not buy those mailed to you from some other point. Upland gets no credit on its quota for stamps bought in this way.

Another thing that should be borne in mind is that 75c of every dollar's worth of the Christmas seals bought of the local workers will be spent in this great preventive work here at home. But, as always, a certain proportion of the people will not take the trouble to buy any simply because they fail to realize what great accomplishments even the smallest purchases help to make possible.

Back in 1900 when this drive began, tuberculosis was America's most deadly enemy. Today as a cause of death it is seventh behind heart disease, cancer, cerebral hemorrhage, nephritis, accidents and pneumonia. The "T. B." death rate has dropped from 201.9 per 100,000 population to 56.6. And still, despite this effectiveness of the war against it, this preventable disease killed 71,609 Americans last year.

Already wonders have been worked with the proceeds of these Yuletide campaigns. But there is still much to be done, much that your support can bring about.

Let us all buy Christmas seals and help to save more lives next year!

Back in Brooklyn the teachers are being accused of a move to gain control of a public school. As we remember it in the good old days when we were a kid there was no objection to a teacher controling students in school—in fact, they even went to such extremes as applying a good limber stick to the back or a rubber ruler to some other part of the anatomy in order to get that control. And we don't recall hearing any objections—except from the youthful victims.

The Hollywood Citizen-News cannot understand—and neither can we or probably anybody else—why, with an army of collectors, inspectors and inquisitors of all kinds, the state should be compelled to pay a 25 per cent commission to a gang of outsiders to collect delinquent taxes.

Judging by the signs, most of the "home cooking" must be done in cafes and restaurants.

Graduate of Chaffey Claims Bride Here

An impressive wedding in which many friends in the Chaffey district are interested, occurred Saturday evening in the Upland Methodist church, when Heath Skinner Seapy of Los Angeles, formerly of Ontario, claimed as his bride Miss Ophelia Juanita Frost, daughter of Mr. and Mrs. B. I. Frost of Huntington Beach.

The ceremony was performed by the Rev. John H. Engle, pastor of Trinity Methodist church in San Diego and brother of Dr. Irvin A. Engle, in the presence of approximately 100 guests, many coming from Los Angeles, Huntington Beach and Ontario.

The bride was attended by Mrs. J. A. Lukens of Santa Ana as matron of honor, and attending the bridegroom as best man was Victor Eckland of Long Beach. The ushers were Woodrow Frost, Windsor Seapy and George Somes. James A. Lukens was soloist, singing "At Dawning." Miss Elinor Corn at the organ played "Dreams" by Wagner, and as the processional, the "Bridal Chorus" from "Lohengrin." Mendelssohn's "Wedding March" was played as the recessional.

Mr. Seapy is the son of Mrs. Luella Seapy of San Francisco, formerly of Ontario, and he graduated from Chaffey high school and junior college. He and his bride both are graduates of the University of California at Los Angeles. They will make their home in Los Angeles.

Mrs. Anderson Named New Noble Grand By Rebekahs

Mrs. Harold B. Anderson is to serve Silver Link Rebekah lodge as noble grand during the ensuing term, as the result of the election held Friday evening when the lodge met in regular session in the I. O. O. F. hall, with Miss Vivian McCarty, retiring noble grand, presiding.

Other officers elected to serve with Mrs. Anderson are Mrs. H. L. Davis, vice-grand; Mrs. Erwin Koch, recording secretary; Mrs. J. F. Haddow, financial secretary, and Mrs. A. H. Stull, treasurer. The officers will be installed some time in January.

At the conclusion of the business session a merry Christmas party was enjoyed. There was a gaily decorated Christmas tree and gifts of candy and nuts were distributed to the children. "Just for fun," the adults held an exchange of toys, many of them revealing the fact that they are not altogether "grown-up." These toys later were collected and will be presented to the children's home in Ontario.

During the remainder of the evening various games were played and Christmas refreshments were served. The hostess committee included Mrs. C. N. Drake, Mrs. Louis Kronmeyer, Mrs. H. L. Davis, Mrs. Herman Walker and Mrs. Charles Hogan. The attendance numbered approximately 45 Rebekahs and members and their families.

Mrs. Lillian L. Hawks Honored Guest at Farewell Party

As a farewell courtesy for Mrs. Lillian Lee Hawks, who will leave Wednesday to make her home in Parsons, Kan., Mrs. Ray C. Norton and Mrs. H. M. Guy entertained a group of mutual friends Monday at a delightful bridge luncheon given at the Norton home, 793 Euclid avenue.

Christmas decorations, including a shining Christmas tree, prevailed throughout the home.

Following the luncheon, the guests gathered at the bridge tables for an afternoon of playing, Mrs. E. O. Bowden winning high score prize.

Lovely gifts on the Christmas tree were distributed to all the guests.

Refusing to think of the party as the last one they will enjoy with Mrs. Hawks, her friends extended wishes for her happiness in her new home and planned for other parties when she returns for a visit here.

Those having the opportunity to join in the courtesy for Mrs. Hawks, were Mrs. Blanche M. Loch, Mrs. S. M. Jessup, Mrs. Clyde Whiteley, Mrs. J. F. Sawyer, Mrs. Wayne E. Morse, Mrs. J. Emery Sargent, Mrs. Henry O. Blohm, Mrs. H. W. Flowers, Mrs. Harry P. Brown, Mrs. E. O. Bowden, Mrs. O. A. Thompson, and the hostesses, Mrs. Norton and Mrs. Guy.

Property Rights and Wills Interest Club Women

The recent appearance here of Attorney Augusta Rosenberg, who discussed California property laws and the making of wills before the Equal Rights Study club, aroused much interest among the club members and others who heard her. In discussing Mrs. Rosenberg's address today, Mrs. Una R. Winter, president of the club, told of a number of interesting bits of information given by the attorney.

Wives under California laws own one-half of all community property, which consists of real estate, wages of both spouses, etc., accumulated during marriage; but the law gives the husband entire control and management of it, even the wife's wages, if she is gainfully employed. Stressing this fact, Miss Rosenberg stated a wife should make a will disposing of her half of the community property, especially if there are children. If she leaves no will her half goes automatically to the husband and he may will it to anyone he chooses; as in the case of a second wife, thus disinheriting the children of his first wife, should he so desire.

Concerning the matter of wills, the speaker pointed out that all persons owning property of any kind should make a will expressing their desire as to the disposal of their houldings. Lawyers are glad to draw up these documents for a nominal sum, or anyone may write his own or her own will by following a few simple rules.

If a person desires to make his own will, he should use blank paper, that is, the paper should bear no printing or writing except the handwriting of the one making the will. The year, month and day should be placed at the top of the page, and the writer should state simply his desires, being careful to mention each of his legal heirs and what part each one is to receive, and giving any other details he wishes to include.

The will must be signed with the writer's legal name and should be placed where it will be safe and easily found when needed.

Mrs. Lillian L. Hawks To Make Her Home In Kansas

Mrs. Lillian Lee Hawks, who recently returned to her home at the Upland Inn after having spent several months in Kansas and Texas, is preparing to leave within a day or so for Parsons, Kan., where she will establish her home. Several members of her family live in Parsons and her business interests are there, these being her principal reasons for deciding to make her home in that city.

For several years Mrs. Hawks has been a prominent member of the Upland Woman's club, holding various offices and chairmanships, and she also has been a popular member of local social circles.

Even though she will make her home in Kansas, Mrs. Hawks expects to visit often in Upland, this promise being a solace to her many friends who regret to see her leave.

Miss Watson recently received a letter from a friend in Cleveland, Ohio, who finds pleasnre in recalling visits in this section. In the letter she says: "I suppose you are settled by this time in beautiful Upland. I often close my eyes and call up the picture of Euclid avenue with nts lovely pepper trees drooping over that marvelous green velvet lawn, with Old Baldy brooding over all. I'm so glad of having had the privilege of those winters in California."

Members of Bradford Family in Annual Reunion Sunday

Upon invitation of Miss Lula Bradford, the annual gathering of the Bradford family was held again this year at the home of Miss Bradford's brother-in-law and sister, Mr. and Mrs. F. H. Manker, 603 Second avenue, the event occurring Sunday.

In former years this family's gathering was held in celebration of the birthday of the mother, the late Mrs. Ella V. Bradford, and because she so greatly enjoyed the gatherings the members of the family plan to continue them on that date, in tribute to her memory.

Attending the gathering were Mr. and Mrs. James G. Bradford, of Palmdale; Mr. and Mrs. R. B. Pallett, of Valyermo; Mr. and Mrs. R. S. Frownfelter and Miss Ardis Frownfelter of Lomita; Mr. and Mrs. Chas. M. Sikes of Ontario; Mr. and Mrs. F. H. Manker, and the hostess, Miss Bradford.

Callers during the afternoon were Mr. and Mrs. Fred Bradford of Whittier and their three children, and Mrs. Chas. V. Benson and daughters, the Misses Dorothy and Jeanne.

Since Mr. and Mrs. Frownfelter will celebrate their silver wedding on Dec. 18, the decorations for the dinner table were in the colors of green and silver. A sparkling silver bell was suspended from the chandelier above the table, and ribbons of green and silver tinsel were used.

A beautifully decorated Christmas tree stood in the large front window of the home, emphasizing the Christmas motif.

Dr. and Mrs. Thompson Attend Military School Dance

As special guests of their son, Cadet Major Bob Thompson, Dr. and Mrs. O. A. Thompson, accompanied by Mr. and Mrs. L. R. Bradley, had the pleasure of attending the formal Christmas party held Friday night at Raenford Military school at Sherman Oaks, where young Thompson is a student.

The event was strictly military in all its aspects and the young cadets proved gallant hosts to their guests, who included the girls from the Mabel Scott Rancho school.

As mother of the cadet major, Mrs. Thompson was accorded the special honor of being escorted through the line of cadets beneath their crossed sabers. The party was a delightful affair and was greatly enjoyed by the elders as well as by the young folk. After the dance Bob came home for a short week-end visit with his parents. He will return this week-end to spend the Christmas vacation with his parents.

The entertaining Christmas opera, "Toys in Trouble," will be presented tonight at the Fannie D. Noe school by the kindergarten and first grade children and many parents and friends are expected to attend. The children will be in clever costumes and they have been well drilled in the parts. A small admission charge, two for 15c, will be made.

TIGERS LOOK TO BEACH TOURNEY

Chaffey Hoop Squad Will Be In Annual Contest for Cup This Week-End

Led by Robert Doll—the third member of the athletic Doll family to star at Chaffey—the high school Tigers will go into court action this week end in the annual Huntington Beach basketball tournament.

Doll is a forward on the squad that Coach Karl Kaiser is fast rounding into a scoring squad. There is virtually no hope of the Tigers doing anything big at the tournament, other than gaining some good experience. The first game will be played Friday afternoon. Many of the leading southland schools will be entered.

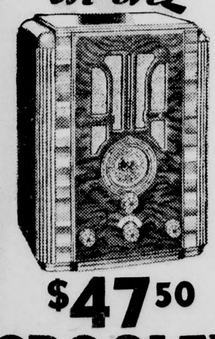

Chaffey lost its first game in the La Verne tourney last Friday, South Pasadena winning 33 to 29. Doll led the local attack by ringing the loop for 17 scores. Other members of the squad who played at La Verne are Topliff, Starnes and Halpern, forwards; Fuller and Mertz, center; Harris, E. Smith and Schultz, guards.

Mexican Christmas Party To Be Given At Chaffey Tonight

The annual Christmas party for Mexicans, sponsored by the Chaffey Community Girls Organization, will be held this evening at 7 o'clock in the Chaffey gymnasium. Invitations written on gay Christmas cards were distributed by a group of girls last week to camps in Upland, Cucamonga, Guasti and Ontario. Mrs. Frank Palmer took charge of the distribution.

In the early days of the party a large truck decorated with a Christmas tree went to each camp where Santa Claus gave a present and a bag of candy to each child. The number of people served grew so tremendously, however, that the party was removed to Chaffey auditorium. Last year over 1,400 persons attended.

At the present time bags of candy and nuts are handed out to each child as he or she leaves the building. The club house in Upland was the scene of much activity Saturday when girls filled 1000 candy bags. Mrs. J. F. Grass, Jr., was in charge of arrangements for this part of the work. Home made fudge for the bags was furnished by every Girl Scout troop and Brownie
